Recognizing that formal guidelines are necessary to ensure that the school system responds to its stated mission and operates in an effective, efficient, and consistent manner, a set of written policy statements will be developed, reviewed and revised as determined necessary. Policies will be in the form of broad principles that define the desire and intent of the Board. They will indicate what is wanted and why, in a form that is concise, but sufficiently explicit so as to guide administrative actions. Regulations and Exhibits may also be developed by the Senior Administrators to facilitate the implementation of the policies.
