Last Reviewed - 12/02/18

The Principal is responsible for the supervision of all school sponsored activities during school hours and he/she will endeavour by all means in his/her power to secure proper care of the premises for the protection of students and personnel.

Rules will be made in each school to prevent accidents in buildings and on the playgrounds.

Provision will be made for the supervision of students during the times of their arrival at school, and their departure from school.

In the event of an accident, the student will receive medical attention as soon as possible with attempts being made to immediately notify the parents.

Each school will be equipped with a first aid kit, which will be replenished as required.

First Aid Courses are recognized by the Board as a valuable asset for teachers and support staff.
