The Board will provide regular transportation for eligible students who reside a significant distance from their designated school or where the special needs of the student warrant transportation assistance. In special cases a transportation allowance may be provided when it is impractical to provide direct transportation.

The student transportation system will operate:

- a) under the regulations of The Public Schools Act;
- b) in compliance with the directives of the Province of Manitoba Highway Traffic Act, Manitoba Motor Transport Board, and Manitoba Public Insurance Corporation and;
- c) according to the policies and regulations of the Board.

Only students and approved staff members and/or volunteers may ride as passengers in Fort La Bosse school buses.

The use of other than Board owned and approved vehicles for the transportation or conveyance of Fort la Bosse students must have the prior approval of an appropriate administrative authority.

Bus students who intend to use other than Division transportation in either the morning or the afternoon should comply with the following expectations.

1. Bus students coming to school with transportation other than that provided by the Division and intending to go home by regular transportation provided by the Division, should report same to the driver when boarding the bus at dismissal time the day before.
2. Permission may be granted to use “other than Division transportation” providing:
  - a) such change is requested by a parent/guardian; or
  - b) the bus driver is advised of the name(s) of any student(s) who may not be returning on the bus or who will be getting off at another designated site.
3. In case of an emergency, and upon the verbal request by the parent or an adult authorized by the parent, the Principal, or designate, may grant a student permission to travel in a manner other than on the bus or for a student to leave the bus at a point other than the student’s regular pickup point.
