It is of paramount importance for the safety of all riders that bus students follow the Division Bus Rules as posted in each bus and that the students restrict themselves to their seats while the vehicle is in motion.

Where a student in a school bus persists in conduct likely to be detrimental or hazardous to the welfare of the passengers, the student may be referred to the Principal who has the same authority as provided by the regulations under the Public Schools Act. If the misconduct persists during this trial period, the student's transportation privilege may be either suspended or denied indefinitely.

If this is the student's first offense, the Principal may request the parents to bring the student to the school for a hearing. Any or subsequent cases of student misbehaviour on a school bus may result in the suspension or loss of the student's bus riding privileges.

The offending student and/or the student's parent(s) or guardian(s) may be requested to appear before the Division Board or a committee of the Board and/or the Supervisor of Operations, or designate, prior to the end of a suspension period.
