The Board recognizes the importance of promoting positive play experiences for students and the role that the local school and parent group may undertake in the funding and developing of safe, age appropriate play structures. Therefore, the Board may, within specific guidelines and understandings, allow for the construction of recreational facilities and/or playground equipment on its property.

The Board encourages the development of effective partnerships between its schools and parent, community or other supportive project participants in the construction of recreational facilities and play structures on school grounds.
