Employees enrolled in Division insurance plans will be required to continue their insurance coverage and premium remittances during all periods of unpaid leave.

"Unpaid leave" does not refer to the normal summer period. For teachers, the summer period is considered as if they (teachers) were working a twelve months' period, termination of contract being an exception. For all other "ten month" employees, the summer period is considered a lay-off period for unemployment purposes, but also considered similar to teachers for purposes of benefit plans of the Division.
