## FORT LA BOSSE SCHOOL DIVISION

### Authorization to Use Schoolwork & Digital Pictures

Fort La Bosse School Division has been and will continue to use the Internet and web site development as tools for communication and learning in the classroom. We see it as a valuable way to inform parents and the community of the various events, activities and the learning that takes place in our schools.

With this in mind, it has become necessary to seek parents'/guardians' permission to use student work and pictures of students on the school's website. However, it is our policy and practice to identify students and their work by first name or class name only. Student last names, phone numbers and addresses are NOT published. For example, a caption may read, "Mrs. Smith's class sharing their poems" or "John helps Mrs. Smith water our new plants".

Please sign below, and return to the school to authorize the use of your child's work and/or pictures as a part of the Fort La Bosse School Division web site.

For specific project information, contact your local school. For general Fort La Bosse School Division web site information call the Division Office, at 748-2692.

**Please complete, detach and return to the school.**
