The Minister may cause tests to be conducted during the year in one or more subjects in any class and/or grade for the purpose of gaining information useful to those engaged in education, assessment and/or administration.

The School Division will provide adequate accommodation and supervision, in accordance with instructions issued by the Minister, for all candidates writing these tests in their schools.

Notwithstanding Manitoba Education directives, after consultation with the Superintendent the results of provincial program assessments may or may not be used by the school for the purpose of determining promotions.
