The School Board will ensure that the national flag of Canada will be flown at full-mast on each day that the school is open, weather conditions permitting. When weather conditions do not permit the flag to be flown outdoors, the flag will be prominently displayed in the school building. The school custodian will be responsible for the raising, lowering, and storing of the flag.

The flag is traditionally flown at half-mast as a sign of respect upon the passing of National or Provincial dignitaries. The flag may also be flown at half-mast when recognising the passing of a student, Trustee or current or past Division personnel. The flag may be flown at this position so long as the action is respectful to both the individual being honoured and to the flag.
