Fort La Bosse School Division will strive to provide a safe and caring learning environment that fosters and maintains respectful and responsible behaviours. The goal is to teach students to make positive choices in their school and daily life.

The Division's focus will be on preventative, proactive measures to teach respectful and responsible behaviour. This includes the establishment of preventative procedures, programs and services that enable students to progress toward responsibility and tolerance and the use of effective teaching practices that promote acceptable student behaviour and good decision making. It is recognized that, on occasion, it will be necessary to address disrespectful and irresponsible behaviour through disciplinary policy and procedures.

Consequences of disrespectful and irresponsible behaviours will be based on individual needs, the degree of the problem and the need to maintain a respectful learning environment.

The Code of Conduct will apply to all students, staff and volunteers. To support this policy, schools in consultation with their A.C.S.L. shall develop, implement and review annually a Code of Conduct which is consistent with the Ministerial directive.
