A school may establish and maintain a school safety patrol. In such instances, the Principal and staff of each school concerned will choose students to serve as patrols and give those students guidance in performing their duties.

The school patrol may guide and control children in crossing highways, streets, and lanes, in the vicinity of the schools of the Division.

Students chosen must obtain written consent from their parent(s)/guardian(s) before engaging in patrol duty.

The issuance of awards for patrol service will be at the discretion of the Board.

Where property damage, bodily injury, or death, is caused to any person instructed or directed, or controlled by a school patrol in the course of acting as such, no cause of action will accrue against the School Division or any servant or agent thereof, or any trustee, or the school patrol or his parent(s)/guardian(s).
