The Board believes that open communication between itself and the community it serves and represents will enable the community to have a voice in the decision making process. All reasonable efforts will be made to hear the community and be responsive through Board actions.

All citizens of the Division have the following access to the Board:

1. written suggestions or proposals
2. responses to surveys and referendums
3. service on citizens' advisory committees and/or
4. representation at Board meetings, with prior consent
