Fort la Bosse School Division wishes to promote community involvement in its schools and therefore encourages the use of school facilities by the community at large.

School-sponsored activities will take precedence over all other users.

It is recognized that the user of school facilities should be responsible for a portion of the operating costs of the Division where these costs are not associated with normal school use and where other than normal resources are required, and in accordance with the regulations attached hereto.

School Administrators, as site-based managers for schools, will assess community needs and draw upon the advise of the Advisory Council for School Leadership when considering applications for use of schools.

For the convenience of any individual(s) or group interested in the use of school facilities an application form may be obtained from either the School or Division Office. (Form [KF-E](#))
