The Board acknowledges the benefits that may accrue to students through the development and maintenance of good working relationships with local, regional, provincial and national educational agencies. From these liaisons the Board anticipates the development of mutually advantageous and cooperative arrangements that will ultimately benefit the students of Fort la Bosse School Division.

The Board, therefore, encourages those partnerships and sponsorships which:

- enhance the quality and relevance of education for all learners.
- clearly define the expectations, roles and responsibilities for all participants.
- allocate resources and services to complement other sources of educational revenue.
- seek to ensure that all partners are treated equally and mutually benefit.
- acknowledge that Division policies and educational concepts take precedence over product endorsements, corporate images and business practices.
