Last Reviewed - 13/11/12

The Board recognises and appreciates the role of the colleges and universities within the extended educational system and will endeavour to co-operate with them whenever it may be to the mutual advantage of our respective students.

This undertaking will include the provision of co-operative teachers and appropriate class settings for student teachers assigned to the Division. The possibility of collaborating on research projects that have as a premise the improvement in learning for students may also be considered. It should be understood that in all cases the co-operative ventures should not interfere with the attainment of expected educational outcomes for Fort La Bosse students.
