June 22, 2020

Dear parents, guardians and members of the community

The Board of Trustees would like to thank everyone during this extraordinary time in our lives. In March, we were faced with a serious health pandemic that forced all of us to adjust in the way we live.

As the 2019-2020 school year draws to a close, the Board would like to extend it's sincere gratitude to all of our staff for their perseverance, creativity and dedication in supporting the children of this division in their learning and well-being that will see them advance to the next level.

We, like many other businesses, were put in a position to reduce our workforce as a result of the suspension of classes. To those staff affected, we thank you for your understanding.

Finally, we wish to acknowledge all the caregivers (grandparents and others) that provided support to families during the suspension of classes. Some day we will look back and appreciate and value the time that children spent with grandma and grandpa as this in itself is a valued lesson in education.

In closing, we, the Board of Trustees, sincerely wish everyone a safe and pleasant summer and it is our hope that life will resume to normal sooner than later.
